What does Barack Obama, John McCain, George W. Bush, Bill Clinton and Joe Biden all have in common?

New book reveals little-known facts about the influence of a 'secret' Order in both the Democratic and Republican parties and how each has implemented the Order's agenda in America...

October 31, 2008, Enfield, Middx.— New book gives a hard-hitting exposé of the political and religious forces behind both Barack Obama and John McCain. **Codeword Barbêlôn—Danger in the Vatican: The Sons of Loyola and Their Plans for World Domination**, by author P.D. Stuart is a groundbreaking book that gives an extraordinary account of international power and intrigue which drops a bombshell, of some magnitude, into the lap of the reader. It exposes a subtle attack on civil and religious freedoms, revealing a plot so sinister that as Pope John Paul II warned “We are now standing in the face of the greatest historical confrontation humanity has gone through... wide circles of American society and wide circles of the Christian community do NOT REALIZE THIS FULLY.” A work of great insight and moral courage **Codeword Barbêlôn** exposes, in unequivocal terms, the secret connections and codewords of the powers that be…. Beyond doubt, this is one of the most significant books to appear in decades.

"Good historians," wrote Horace Walpole, "are the most scarce of all writers, and no wonder! A good style is not very common; thorough information is still rare; and if these meet, what a chance that impartiality should be added to the P.D. Stuart would be added to all of these qualities. Consisting of 48 chapters, and hundreds of footnotes and references, **Codeword Barbêlôn** covers a vast period of history, from the second and third centuries to the present day. Spatially, the work spans three continents, and focuses on Europe and North America and the hidden influence of secret societies on that continent. Indeed, reading Codeword Barbêlôn, one cannot help but feel as if he were travelling in H. G. Wells' time machine, finding himself sometimes at the City of Rome in the 16th Century, at other times in Bavarian Germany in the 18th Century, yet at other times in the political intrigues of North America of the 19th, 20th and 21st Centuries.

In doing so **Codeword Barbêlôn** uncovers a plot so sinister, that in the words of ex-FBI Director and founder, J. Edgar Hoover: "The individual... coming face-to-face with a conspiracy so monstrous... cannot believe it exists..." Some of it is unsettling, disquieting, and often downright scary. This book reveals the wide and pervasive influence of the Jesuit Order and proves that as American historian J. Wayne Laurens wrote, the Jesuits "are not merely priests, or of one religious creed; they are merchants, and editors, and men of any profession, having no outward badge by which to be recognized." They "serve in any capacity required—as plumbers, carpenters, lawyers, doctors, teachers, economists, bankers, politicians, and advisers of states." P.D. Stuart shows that even **The Sovereign Prince of Masons, etc., etc., are nearly all the offspring of Ignatius Loyola... and worked under instructions from the General of the Jesuits.**

What possible the connection could there be between the Jesuit Order, Freemasons and the globalists in the Democratic and Republican parties? Bill Clinton's Georgetown professor and former Council of Foreign Relations member, Carroll Quigley, revealed that they all believe "national boundaries should be obliterated and one world rule established." And what about the fact that Barack Obama is related to both President Bush and Vice President Dick Cheney? It’s all revealed in this new book. **Codeword Barbêlôn** is indeed a ‘tough book’: direct, honest, and thought provoking, with no compromise, no apologies, and no vagaries; it spares no characters—all are lashed without ceremony. A work of high scholarship and intelligence, this book sounds a clear warning.... To borrow the words of Henry Lincoln, “Something extraordinary is waiting to be found....” Thoroughly thought-Provoking...

A powerful and hard-hitting exposé of those “who have bound themselves up in secret societies and by secret pact.”

"The book itself is readable, authoritative, very well-researched, and profound.... The arguments are strong and supported by impeccable proof." - M. Davies, USA.
